

ADJUSTABLE HOLDERS

FOR DEVICES WITH/WITHOUT SKIN/CASE

Du you use a protective skin/case with your smartphone or tablet? Brodit has designed a range of adjustable holders that fit a large number of devices with or without a skin/case.

Adjustable holders are available with or without charging.

All holders are equipped with a tilt swivel. This means that the holder can easily be adjusted to avoid light reflection in the screen, and switch between landscape/portrait mode. Attach the holder onto a Brodit Headrest Mount, ProClip or Pedestal Mount.

Benefits:

- Within easy sight and reach in the car
- Active holders provide a freshly charged battery
- To use in vehicles, boats, campers, summer house
- Tilt swivel allows adjustment to avoid light reflection
- Fits most models with or without skin/case
- Made of high grade Acetal/ABS plastic
- Discreet design, color: black
- Made in Sweden
